

BICYCLE

SAFETY

Does your child practice safe bicycle riding? If your child is in need of a bicycle helmet, please contact the Tumwater Fire Department during normal business hours at (360) 754-4170, to schedule an appointment to be properly fitted for a reduced cost helmet. These bicycle helmets were ordered through Helmets R Us in Tacoma, WA. Currently, we have youth sizes, small and medium only. The child must be accompanied by a parent/guardian. Head injuries cause 75% of an annual 700 bicycle deaths. Medical research shows that bike helmets can prevent 85% of cyclists' head injuries.
