LITTLEROCK ROAD CLOSURE -- PAVING February 18 and 19, 2010

The weather forecast for the remainder of this week is providing the opportunity for continued paving on the Littlerock Road Project. In order to take full advantage of this weather opportunity, the City of Tumwater will be closing Littlerock Road between Israel Road and Odegard Road between 7:30 AM and 6:00 PM on Thursday, February 18th and Friday, February 19th, to allow the contractor to place the final lift of asphalt through this section of the roadway.

The City is asking for the cooperation of the travelling public by requesting that they avoid the Littlerock Road corridor between Israel Road and Odegard Road and use alternate routes.

Local traffic will be able to access the area via one lane of traffic that will alternate directions under flagger control. **SIGNIFICANT DELAYS SHOULD BE EXPECTED.** Local trips through the area should be minimized and alternate routes used to the greatest extent possible.

Although the roundabout at Israel Road will remain open, delays at this location should also be expected as a result of the closure.

Should you require additional information regarding this work or recommendations on alternate routes, please contact the City of Tumwater Public Works Department at 754-4140.
