LITTLEROCK ROAD PAVING SCHEDULED **Monday, March 1, 2010**

The weather prediction for Monday indicates we will have cloudy skies, but no rain. Given that favorable forecast, paving of the remaining section of Littlerock Road (northbound lane from the roundabout at Israel Road to approximately 300 feet north of McIver Court) is scheduled for Monday, March 1st beginning at 8:00 AM.

The City is asking for the cooperation of the travelling public by requesting that they avoid the Littlerock Road corridor between Israel Road and Odegard Road and use alternate routes.

Local traffic will be able to access the area via one lane of traffic that will alternate directions under flagger control. **SIGNIFICANT DELAYS SHOULD BE EXPECTED.** Local trips through the area should be minimized and alternate routes used to the greatest extent possible.

Although the roundabouts at Israel Road and Odegard will remain open, delays at these locations should also be expected as a result of the closure.

Thank you for your continued patience and understanding as we work to complete this project. Should you require additional information regarding this work, please contact the City of Tumwater Public Works Department at 754-4140.
