Fax: 360-754-4142

NORTH STREET LANE CLOSURE

East Bound Lane at Hawthorne, Hoadly and in front of the Cemetery

**Monday through Friday, October 31 – November 4, 2011
7:00 am to 7:00 pm**

Potelco will be working in the eastbound lane of North Street beginning Monday, October 31, 2011 at 7:00 am. They will be raising underground vault lids and repaving the disturbed area each day.

Flaggers will direct one-way traffic in the westbound lane, alternating between eastbound and westbound travel in order to keep traffic moving as much as possible.

Both traffic lanes will be open after 7:00 pm each evening.

Buses and emergency vehicles will have priority access.

As paving operations progress, the new pavement is generally ready for use approximately 2 hours after the paving is complete, depending on weather conditions.

As always, this work is weather dependent and will be cancelled if we are experiencing inclement weather conditions.

Should you require additional information, please feel free to contact the City of Tumwater Public Works Department at 754-4140.
