ROUTE 68 TUMWATER DETOUR Begins May 5

Olympia WA -- Beginning May 5, Route 68 will operate on a temporary detour. The detour is necessary due to the City of Tumwater's road construction project on North Street between Cleveland Avenue and Hawthorne Street. The City of Tumwater anticipates the project will take about one year to complete.

Detour Routing

Route 68, which operates from downtown Olympia, through Tumwater and ends in southwest Lacey, will detour a small portion of the route between the Tumwater Square transfer station on Cleveland Avenue (near Tumwater Safeway) and Henderson Boulevard along Carlyon Avenue (by Olympia High School). Temporary Intercity Transit bus stops have been placed along Carlyon Avenue in both directions. (See map below for detour route.)

For more information, including a map of the temporary transit detour, visit intercitytransit.com or call Intercity Transit Customer Service at (360) 786-1881. For more information on the road construction project, visit the City of Tumwater Web site at www.ci.tumwater.wa.us (click on "Construction Projects") or contact the Public Works Department at 360-754-4140.
