Date: September 18, 2009
Contact: Public Works – Jay Eaton, Director of Public Works
Phone: 360-754-4140
Fax: 360-754-4142

LITTLEROCK ROAD CONSTRUCTION SCHEDULE NIGHT WORK

Beginning Monday, September 21st, work on the Littlerock Road project will continue on a 24-hour per day schedule, working through the night. This night work may last for up to six nights, through Saturday, September 26th.

The night time work has been scheduled in order to construct the intersection of Littlerock Road and Israel Road during off-peak travel times. This will minimize the impacts to the travelling public and take full advantage of the expected favorable weather.

Roadways will remain open during the work; however motorists should anticipate delays due to flagger-controlled, one-way traffic and are strongly encouraged to use alternate routes if possible.

Should you require additional information, please feel free to contact the City of Tumwater Public Works Department at 754-4140.
