

## Invasive and Noxious Weeds Resources

### Thurston County Noxious Weeds List

[http://www.co.thurston.wa.us/tcweeds/weed\\_list.htm](http://www.co.thurston.wa.us/tcweeds/weed_list.htm)

### WA State Noxious Weed Control Board Weed List (Class A, B, & C)

[http://www.nwcb.wa.gov/weed\\_list/weed\\_list.htm](http://www.nwcb.wa.gov/weed_list/weed_list.htm)

### WA Dept of Ecology Aquatic Weeds Program

Aquatic Plant Identification: <http://www.ecy.wa.gov/programs/wq/plants/plantid2/index.html>

Non-native, Invasive Plants: <http://www.ecy.wa.gov/programs/wq/plants/weeds/index.html>

### WSU Cooperative Extension “HortSense” Program

<http://pep.wsu.edu/hortsense/>

### The Nature Conservancy Invasive Weeds Program

<http://tncweeds.ucdavis.edu/>

### Invasive.org – a database of noxious and invasive plants around the county

<http://www.invasive.org/weeds.cfm>

### US Bureau of Land Management

<http://www.blm.gov/education/weed/weed.html>

### Weeds prohibited for sale in Washington

#### Links to various species identified at Barnes Lake:

- ◆ [Bindweed](#) (*Convolvulus arvensis*)
- ◆ [Purple Loosestrife](#) (*Lythrum salicaria* L.)
- ◆ [Yellow-Flag Iris](#) (*Iris pseudacorus* L.)
- ◆ [Japanese Knotweed](#) (*Polygonum Cuspidatum*)

The species identified above are not necessarily found at Barnes Lake, however, the Barnes Lake Management District Steering Committee requests that in the event they are identified, you notify the group by sending an email [here](#).

If you have identified a species as a potential noxious or invasive weed, and would like more information, please send an email [here](#).
