

Spill Reporting Hotline

The spilling or dumping of any substance other than rainwater into the stormwater system, or any other non-approved area, will lead to the degradation of our water resources. If you have witnessed potential spills or illegal dumping into catch-basins, streets, ditches, or water bodies, please call and report the spill to the spill reporting hotline.

When reporting a spill, be ready to provide the following information:

- ◆ Location of spill or dumping event
- ◆ Date and time of the observation
- ◆ Potential source information
- ◆ Photographs (if available)

To report a spill or dumping event, call the City of Tumwater's 24 hour hotline listed below.
