**DEFINITIONS OF METHODOLOGY FOR QUESTIONS BELOW:**

This methodology is defined by the Joint Legislative Audit and Review Committee and is used for reporting to the Legislature about the use of lodging tax for each jurisdiction.

- **Direct Count:** Actual count of visitors using methods such as paid admissions or registrations, clicker counts at entry points, vehicle counts or number of chairs filled. A direct count may also include information collected directly from businesses, such as hotels, restaurants or tour guides likely to be affected by an event.
- **Indirect Count:** Estimate based on information related to the number of visitors such as raffle tickets sold, redeemed discount certificates, brochures handed out, police requirements for crowd control or visual estimates.
- **Representative Survey:** Information collected directly from individual visitors / participants. A representative survey is a highly structured data collection tool, based on a defined random sample of participants, and the results can be reliably projected to the entire population attending an event and includes margin of error and confidence level.
- **Informal Survey:** Information collected directly from individual visitors or participants in a non-random manner that is not representative of all visitors or participants. Informal survey results cannot be projected to the entire visitor population and provide a limited indicator of attendance because not all participants had an equal chance of being included in the survey.
- **Structured Estimate:** Estimate produced by computing known information related to the event or location. For example, one jurisdiction estimated attendance by dividing the square footage of the event area by the international building code allowance for persons (3 sq. ft.).
- **Other:** (please describe)

Please describe any other information that demonstrates the impact of increased tourism attributable to the special event, festival, or tourism-related facility.

This event draws owners of staff of over 50 breweries from throughout Washington and Oregon states to Tumwater.

**TUMWATER SPECIFIC QUESTIONS:**

Did you experience a higher number of tourists this year? If not, what do you think was a contributing factor?

Attendance was increased for the 6<sup>th</sup> straight year for this event.

Did you complete all of the items on your Scope of Work consistent with your application submitted to the Lodging Tax Advisory Committee? If not, which items do you still need to complete? Do you plan on completing those items with your own resources? If so, when?

Yes - the event was a tremendous success and has become a favorite among brewers from around the region.

Do you plan to do anything differently next year to expand your event, increase tourism to Tumwater, or increase visitors to your facility?

Due to the popularity and success of this annual event, we will continue to increase the size of the brewfest with additional brewers, activities, Tumwater specific promotional items, food vendors and games.
