

Smart Irrigation Equipment Rebate Application

The City of Tumwater is offering its water customers a rebate on the purchase and installation of weather-based irrigation equipment. This rebate covers 50% of the cost to purchase and install EPA WaterSense labeled, irrigation controllers up to \$200. Look for the WaterSense label or call City of Tumwater Public Works at (360) 754-4140 to check if a specific product qualifies.

To apply for this rebate, send us the following:

- Copy of the purchase receipt showing the date of purchase, brand name, model number, purchase price, and proof of payment
- Copy of receipt showing payment for installation by a licensed irrigation contractor
- Completed and signed application to:
City of Tumwater Water Resources

Mail: 555 Israel Rd SW, Tumwater, WA 98501 **or Email:** waterresources@ci.tumwater.wa.us

Terms and Conditions

Rebate limited to \$200 or less. Applications must be submitted within 45 days of purchase and installation. Service address must be residential and receive City of Tumwater drinking water service. Rebates are for new EPA WaterSense labeled products only. Equipment must be installed by a licensed irrigation contractor.

Acceptance of Terms and Conditions

I have read and understand the terms and conditions above. I certify that the irrigation equipment has been installed to manufacturer's specifications and has been installed at the service address indicated. I understand that the City of Tumwater has the right to inspect the installation of this product and that refusal to allow inspection voids the rebate.
